

Guatemala August 2019

We are continuing to reach out to rural communities distributing Action Bibles, leading workshops, and more. I am excited to share many of the great experiences we have lived as we shared God's word with hundreds of children.

Distribution:

This past month we have worked with four Departments; San Marcos, Totonicapan, and el Quiche. Our network of volunteers is growing and allows us to closely monitor the program within the schools. Over time we are seeing how the kids enjoy their readings and that they are growing in the knowledge of God's Holy Word.

I believe that it is very important to ensure the teachers and principals understand the vision of our program. To reach our goals and have the greatest impact on the students, I continue with follow up visits with the schools where the Action Bibles have been introduced.

We have also worked to strengthen the relationship with Bible classes in the Public schools in the Metropolitan area. This is a program created by the ex-first Lady Patricia de Arzu and that Chusi is coordinating. We have been blessed with the opportunity to reach more children at these schools around the city with the word of God.

I Praise God for the great opportunity to be a part of this ministry. Thank you so much for your partnership.

Keep praying,

In Christ, Nelson Morales, Guatemala Action Bible Field Director.
