

ACTION BIBLE DISTRIBUTION REPORT

From Nelson Morales
Field Director
November 2019

I don't often post pictures of myself but I wanted to begin this update by sharing a little of what God has been doing in my life as we journey along sharing the Action Bible with hundreds of children.

I have had some great experiences leading the workshops. I especially enjoy working with supervisors from the public schools, teachers and team leaders. It feels so good to be used by God to communicate the vision of the program, and I am also learning so much.

I recognize that it is God who is doing this good work; that teachers, volunteers and leaders (Regional Contacts), are very valuable and they are doing a great job within these communities. I am blessed to be a link, follower, and helper alongside them.

The Action Bible is always present in my thoughts. As I develop materials for teachers, I am looking for new ways to reach people and for better ways to present the message. I am striving to improve in every lesson, but really, I love that book and love to witness what God does through it.

God is teaching me continually. In every story He prepares me, and it is amazing how He directs His Holy Word to impact those little ones, guiding them in the knowledge of him.

Many times, my heart has been broken as I find children living in poor conditions. When I share about God's love, kindness and provision, He gives joy to these little ones. In this message they find peace, gratefulness, and hope that they have not known before.

God's Holy Work is amazing, and I am encouraged to continue reaching those little children for eternity.

Distribution

This month we had the pleasure of working with some groups in Guatemala City, and also reaching new groups in San Marcos and Chimaltenango. We have focused on engagement, workshops, and visits to Christian ministries that are using the story of Jesus and Action Bibles within their weekend programs around the country.

Workshops

We are continuing to train leaders to prepare the way for 2020. The leaders receiving this training will be ready to instruct hundreds of children in the public schools and also several groups within their communities.

Networking

In rural villages around the country we are encouraging and training volunteers; equipping them with the Action Bibles and providing follow up support for them. These people will make an impact in their communities. We also pray for anyone whom may be in a position to impact a child in Guatemala for Christ.

Christian Ministries

We are excited that many of the Christian ministries that are using the Action Bible in their Church, are also reaching into their communities. The Action Bible program is encouraging the church to go outside their doors and reach the unreached. This is also changing lives inside their congregations.

Impact

Hundreds of children have declared that they are ready to follow Jesus, and hundreds have said that the Action Bible has helped them to grow in the knowledge of their Savior! Teachers are reporting that they have seen positive changes in the behavior of their students and believe it is related to what they are learning from the program.

Guatemala allowing us to run this program within the public schools is a amazing opportunity to reach thousands of children for Christ.

Keep praying,
In Christ, Nelson Morales, Guatemala Action Bible Field Director.
