

ACTION BIBLE DISTRIBUTION REPORT

From Nelson Morales
Field Director

December 2019

December is such a wonderful season! Everyone is looking forward to the holidays, and a time of rest and fellowship with family and friends.

Distribution

This month we did not distribute Action Bibles that we have stored at the warehouse. We will again begin distributing those in January for the 2020 school program to the thousands of children that are eagerly waiting to receive their very own Action Bible.

Our focus this month has been to utilize the Story of Jesus pamphlets. These pamphlets are a great tool used to teach about our Savior Jesus Christ, especially during this time when we are celebrating the birth of Jesus. We have witnessed great enthusiasm, happiness, and excitement in all of the communities that we are working with.

We worked in Tonicapan, Chimaltenango, San Marcos, Escuintla, Quetzaltenango, and also with a mix of Mayan groups, and involved volunteers from every community mentioned.

Networking

Our Volunteers continue to be a great resource and are reaching hundreds of children around the country, presenting Jesus Christ to them. The communities we worked in allowed us to utilize their community buildings, soccer fields, church buildings and even beside the road.

Impact

We distributed 12,000 SOJ pamphlets, working four days following a VBS model. On the fifth day many children declared that they were ready to follow Jesus. We are blessed to have the freedom to talk about the salvation plan that God made through Jesus. To explain the true meaning of Christmas and pray for the children to receive Jesus into their hearts, which is the greatest gift from God.

We praise God for all He is doing in His Kingdom and are thankful to continue being a part of this His Holy work.

Keep Praying

In Christ, Nelson Morales, Guatemala Action Bible Field Director
